**Help Us with this Incredible Opportunity to  
Rescue and Return Children Who Have Been**

# Trafficked!

NGN has joined once again with One Day's Wages on a desperately needed fundraiser, and they are matching every dollar we receive with an additional dollar. ODW invests in grassroots projects like the ones that NGN runs. They have so far given out over **\$7,300,985** spread over 220 projects and impacted over one million people! After extensive vetting, they have chosen NGN to partner with on a fundraising opportunity for this vital project.

**If we raise up to \$20,000 they will match up to \$20,000!  
Imagine the support that this will give to NGN to bring even more  
children back to their families!**

ODW is partnering with Next Generation Nepal (NGN) to rescue and reintegrate children who have been trafficked to illegal and abusive orphanages. Rescued children will reside temporarily in NGN's transit home while the staff search and locate their families, which can sometimes take months. All rescued children receive emergency care, general health care for current conditions, trauma therapy, and education until they can be sustainably reunified with their families. Repatriation and reintegration with their families will only take place when it has been determined by NGN's Reintegration Officers that the child will be safe and well cared for when they return home. Children will be physically monitored monthly until NGN is able to safely hand guardianship back over to their parents.

**Join us as we rescue and return home children who have been trafficked to illegal and abusive orphanages. ODW is matching \$20,000 for a total grant of \$40,000 to rescue, heal, and return victims of orphanage trafficking to their families and communities.**

## Breaking News!

**We had a Christmas Day rescue of 20 special needs children! They are currently staying in our transit home. Thirteen of them arrived with Covid. Six of them had chickenpox. A young girl was diagnosed with Hepatitis B and will need medication for at least 6 months! We have gotten them healthy, and the funds we raise with ODW will help get them back to their families.**

**View our Campaign Page with ODW, and  
Click on the link below to Donate Now!\***

**[Click Here to Help Rescue and Return Trafficked Children!](#)**

**\*ODW will only match funds that are donated directly to their website via the above link. NGN will receive 100% of your donation and it will be matched for every donation that is made through the ODW Link.**

As always we are grateful for your support.

**Best Regards,  
Anna Howe**
