

We are so grateful for this amazing matching funds opportunity!

A previous donor has shocked us with her generosity.
Every dollar you give will be matched up to \$11,073!!

Help us use this opportunity to expand our vital child protection program.

Through education and awareness, we can stop this cycle of trauma and abuse BEFORE children become victims! With your help, we can keep children from experiencing a trauma that they may never recover from. Your donations will allow us to continue this important work and expand it to other vulnerable areas of Nepal.

NGN's Child Protection Program: Stopping Child Trafficking BEFORE it Starts.
